# GENERALKA WEEKEND

**GENERALKA WEEKEND is the biggest spring cleaning and social event of the year in Macedonia. This year again it will be celebrated between the 9.-11. May 2025.**

Together with our leading strategic partner **Pivara Skopje** and our official partners from **Pakomak, Nula Otpad, Sparkasse, EVN, Makstil, Buchim Borov Dol, Kostal, Saubermacher, Red Cross, ZELS**, and **Man and Mountain** organizes this spring-cleaning action each May for ten years: From 2021 until 2031 (from the 30th to the 40th birthday of our country) with the goal to clean our country from the waste of the past and to recycle it into a green future for us and coming generations.

## LETS GET DIRTY AND CLEAN

Since 2021 more than 45.000 volunteers, 600 organisations, institutions, sports clubs, NGOs, schools etc. from the whole country collected more than 1.000.000kg of waste on more than 1.000 locations during the GENERALKA WEEKEND events.

This year's GENERALKA WEEKEND will be held between the 9.-11. May 2025 in all municipalities of Macedonia and all National Parks.

## LET'S RECYLCE THE WASTE OF THE PAST INTO A GREEN FUTURE!

Based on the memorandum between the Ministry of Agriculture, National Forestry and Man and Mountain LLC from June 2022, the Government of North Macedonia is supporting ZELENA SONCHEVA by dedicating one tree per ten kg of collected waste in their annual plantation plans.

Since 2022 the Ministry of Agriculture together with National Forestry planted more than 125.000 trees in Macedonia and together with our partners we planted additionally more than 10.000 trees in already 24 municipalities. All these forests are called "SONCHEVA GORA".

## SHOW US HOW YOUR WORLD LOOKS LIKE

Each year we are asking the young talents of our country a question and they should just put it on paper and send it to us until 1. July. In September we will announce the three winning entries and give them and their schools prizes and publish their contributions.
